Description

2017 Sea Ray 460 Sundancer

Designed for cruising and entertaining, the open floorplan and cutting-edge amenities of the Sea Ray 460 Sundancer contribute to this yacht's reputation for comfort and luxury. Key to the Sundancer's appeal is a roomy cockpit layout, a single-level salon/pilothouse with woodgrain joinery and port and starboard seating, and two large staterooms, each with ensuite bathrooms. A sliding glass door separates the cockpit and salon, and the galley location—aft in the salon—makes it handy to both areas. Huge windows and a massive sunroof admit tons of light throughout the salon.

Below there are two comfortable staterooms: a full beam master aft with walkaround queen bed and a forward guest cabin where an island berth swings apart to form twin beds—very clever. Both cabins feature hull windows for natural lighting. The foredeck sun pad is accessed on both sides via wide side decks, and the extended swim platform has a sea deck surface.

Note that the aft cockpit settee slides out 16 inches over the swim platform to form an expansive seating area.

More info coming soon.
