Builder: **Galeon Yachts**

## Specification

### OVERVIEW

The 640 FLY Is A Game Changer, offering solutions never before seen in this class. A transformer yacht that has revolutionized this segment of yachting with its innovative approach to layout and space distribution. The transformations allow for greater volume and incredible space distribution, all while maintaining an amazing exterior appearance.

The Main Aft Deck can become whatever space you need depending on how you are entertaining. A perfect space for AI fresco dining or just having fun with the balconies down and the 40-inch TV sliding up from the kitchen countertop, all while protected from the elements by the electric aft sunshade. Lower the Aft Deck Side Balconies and you are in Beach Mode. Opening into six-meter-long balconies on both sides and a breakfast bar on both sides.

The Flybridge is a massive space that continues to offer tremendous ways to entertain. Here you have a Full-Sized Bar, BBQ Grill, Sun Pad and many different lounging spaces for conversation. The very aft section of the Flybridge can convert to an AI fresco dining area that can seat well over 10 people. The options for having fun onboard are literally endless.

The bow deck is uniquely accessed via a revolutionary electric front window, allowing any person an easy and safe way to get to the bow no matter if you are underway, anchored or at the dock. The bow has two separate movable sofas with integrated foldable tables that become tables to eat or lounges to soak up the sun. Extremely close to the bow is a Wet Bar and Refrigerator so you can easily make a drink or grab a water.

### SALON

- Wood Floor With Removable Bound Carpet
